

Waste Containers

metal

Square with Increased Durability Galvanised

- ▶ Suitable for collecting, handling and sorting communal and industrial waste.
- ▶ The lid can be either galvanised steel, aluminium, or plastic.
- ▶ Stackable.
- ▶ Supplementary design variant: with a central brake, lockable lid, foot pedal, rubber strip, oil-tight, or modification for handling by forklift.
- ▶ Drain in the bottom (110107, 110112).
- ▶ Can be stamped with a logo or text.
