

### For Small Crates and Boxes

- ▶ Sloping shelves ensure crates and boxes automatically slide to a reachable position.
- ▶ Shelves can be repositioned in 25 mm increments.
- ▶ Suitable for FIFO storage method – first in first out.
- ▶ Sliding mesh dividers split the shelf into multiple segments of different widths (in 50 mm increments).
- ▶ Made entirely of galvanised materials.
- ▶ Simple installation without screw joints.
- ▶ Can be extended using extension units.
