

Trolleys

tipping, plastic

- ▶ Sturdy body without connecting elements.
- ▶ Size adapted to facilitate manoeuvring, passing through doors, and using a lift.
- ▶ Easy tipping and dumping of contents thanks to the perfectly balanced trolley.
- ▶ Secondary handles in the bottom section.
- ▶ Easy to clean and maintain thanks to its smooth surface.
- ▶ Wheels leave no marks on the floor.
- ▶ Can be supplied with a hinged top lid.
- ▶ Wheels are suspended and fitted inside the profile of the trolley without overlap to protect walls, doors, and other interior elements.
- ▶ Ergonomic handle ensures excellent manoeuvrability.
